

**IN THE  
HOT SEAT**

**Andy and Caroline argue**

Caroline: "Andy! I need to get in the bathroom now!"

Andy: "Go away!"

**Think about the things that you argue with your brother or sister about:**

- who gets to use the bathroom first in the morning?
- who gets the remote control for the TV/gets to watch their favourite programme?
- who does the washing-up?
- how are the arguments resolved?

**Ellie thinks Caroline is a little too concerned about the way she looks!**

Emma: "It's alright for you. Your skin's perfect."

Caroline: It's not! But there's no way I'm going to hide away like you did, so I put a bit of effort into making sure I don't have problems, like proper cleansing, a proper diet, lots of exercise..."

Ellie: "A bit of effort? You're obsessed!"

**Think about why Caroline is so concerned about her looks:**

- will looking good really make her more popular?
- what else would make her more popular?
- how could Ellie reassure Caroline that there are other qualities that people like?

**Olivia gives Andy some advice**

Olivia: "Can't you get your mum to buy you some cleanser and stuff? They do loads of things for boys."

Andy: "What? You mean make-up?"

**Andy has the wrong idea about how to look after his skin...**

- do boys and girls follow the same sorts of skincare routines?
- why do boys think that cleansing and taking care of their skin is just for girls?
- do you think Andy will benefit from Olivia's advice?
- where could Andy find more help or advice?
